"IT WAVES FOR ALL"

VOLUME FIFTY-ONE

GREENCASTLE, INDIANA, TUESDAY, AUGUST 10, 1943.

NO. 251

## 4-H CLUB FAIR IS UNDERWAY IN CITY THIS WEEK

MANY ENTRIES AND MUCH INTEREST MANIFEST IN ANNUAL EVENT

The annual Putnam County 4-H Club Fair opened Tuesday in this city with canning and clothing exhibits on display in the Second Ward school building.

Entries in the 4-H livestock classes are to be on exhibit by Thursday morning at Robe-Ann Park. The fair will end Friday afternoon.

County agent David Grimes stated Tuesday morning that interest was high among the boys and girls of the various 4-H clubs and those in charge of the event were expecting many entries.

Along with the 4-H Fair, the Putnam County Flower Show is also scheduled in Greencastle for Thursday and Friday, making it a full week for all concerned.

## Germany Pounded By British Bombs

LONDON, Aug. 10.—(UP)—A big force of British four-engined bombers, ending Germany's one-week respite from allied block-buster bombs, heavily raided the Rhineland war production center and inland port of Mannheim-Ludwigshafen last night.

Huge, spreading conflagrations were kindled in both towns which are on opposite banks of the Rhine, the Air Ministry said.

Simultaneously, swift, plywood twin-engined Mosquito bombers stabbed at Germany's other great industrial area, the Ruhr.

Only nine planes were lost in both raids.

### TO VISIT STATE

INDIANAPOLIS, Aug. 10 (UP)—Sen. Frederick Van Nuys, D., Ind., was scheduled to arrive here today for a two or three week visit touring Indiana to be spent talking with constituents and advisers.

Van Nuys, has said that there was no political significance to his visit and denied that he was to lay the groundwork for a third term nomination.

He was expected to see Governor Schriener, often mentioned as the successor to Van Nuys' name on the next election ballot.

## Bible School Has Enrollment Of 84

The Daily Vacation Bible School of Gohin Memorial Church opened Monday morning at 9 o'clock with an enrollment of 84.

The four departments are in charge of competent teachers and all children of the city are invited to come and profit by two weeks of well planned instructions.

At the close of the school a diploma will be awarded to each child who has been present during the entire time with an allowance for one absence.

The hand-craft work is in charge of Miss Lucy Longden.

The Junior Department is working with color, making marbled paper, string for color effects.

The Intermediate Department is making blue print scrap books with nature study as a back ground.

These two departments will see the movie, "Fishers of Men" this Thursday.

The special study of these two departments will be a study on hymn stories under the leadership of Mrs. Clinton Green.

## 20 Years Ago IN GREENCASTLE

Mrs. John Cannon and daughter, Mary Catherine, spent the day in Indianapolis.

Mrs. Will Graham and son, Robert, went to Cleveland, Ohio.

Miss Florence Helen McGahey was spending the week at Bethany Park.

Edgar Prevot went to Chicago on a business trip.

Funeral services were held at Marion, Ohio, for the late President Warren G. Harding. Memorial services for Harding were held during the afternoon.

### SHIP BUILDING OFFICIALS ARE SENT TO PRISON

NEW YORK, Aug. 10.—(UP)—The Sullivan Dry Dock and Repair Corporation and four of its officers and one employee were sentenced in Brooklyn federal court today for conspiracy to defraud the government. The company's officers were charged with voting themselves excessive salaries and bonuses and defrauding the government of \$100,000.

The company was fined \$5,000 while both Anthony J. McAllister, a vice president and Walter Krauss, the treasurer, were sentenced to two-year terms in prison and each fined \$5,000.

The remaining three defendants, Herbert Krauss and William Watson and Leslie H. Finlay were each sentenced to nine-month jail terms and fined \$1,000. The company has been building submarine chasers for the navy.

## YANK-BRITISH ARMIES UNITED NEAR RANDAZZO

JUNCTION EFFECTED DUE TO GENERAL ALLIED ADVANCE IN SICILY

ALLIED HEADQUARTERS, North Africa, Aug. 10.—(UP)—Retreating German troops have begun wholesale demolition of communications in northeast Sicily, impeding but failing to check a general allied advance which effected a junction of the American Seventh and British Eighth Armies between Randazzo Pass and the center of the line.

Seventh and Eighth Army columns driving against Randazzo, key junction dominating the narrow defile between Mount Etna and the Caronni range, met west of the pass and plunged in today for a showdown battle expected to seal the fate of the cornered defenders of Sicily.

The junction of the American and British spearheads was believed to have cut off unknown numbers of German troops making a sacrificial stand before the mouth of the pass, one of the most vital Sicilian objectives remaining in axis hands.

The hard-pressed Germans, struggling to slow down the allied advance in all sectors, started a campaign of blowing up roads on a scale never before witnessed in the Sicilian campaign, which went into its second month today.

Dynamite blasts in the wake of the Nazi withdrawal sent whole mountainsides crashing down on the roads. The Germans evidently realized that they were nearing the end of their fighting days and were embarking on an extravagant policy of demolition.

The only conquest of a town reported today—the capture of Pedara, five miles inland from Acireale by British forces straightening out their lines along the eastern seaboard—was no barometer of the steady allied gains promising final victory within a matter of days.

(Continued on Page Four)

## New Navigation Teacher Named

Appointment of H. H. Spencer, formerly of Indianapolis, as instructor of navigation in the DePauw University naval flight preparatory school was announced today by Dean Edward R. Bartlett of DePauw, director of the naval school.

Mr. Spencer, one time instructor of administrative and teaching methods in army air corps technical schools at the Air Depot in Indianapolis, Keeler Field at Biloxi, Miss., and Chanute Field at Rantoul, Ill., taught in the Indiana public schools from 1935 to 1941.

He graduated from Indiana State Teachers College with the B. S. degree in 1928 and received the M. S. degree from the same institution in 1938. He has completed two summers of advanced work at the University of Wisconsin.

### SEVEN ARRAIGNED

DALLAS, Tex., Aug. 10.—(UP)—Seven men were arraigned in federal court today on charges of selling stolen gasoline coupons in the nation's biggest gasoline tire black market.

Office of Price Administration officials said several others were under arrest in Texas, and a former clerk of a ration board here had been apprehended in Los Angeles. The black market ring operated on stolen gasoline rationing coupons and on false tire ration certificates they said.

NEW BOSS—Curious but hopeful, children of Scoglitti, Sicily, gather about new type of conqueror to ask for food. Yank soldier, typical of the new regime, brings food to them instead of taking it away, for the sergeant even shares his rations with the hungry tots.

## Land Cruiser Coming Monday

Cruising Hoosier Highways and scheduled to visit 12 selected cities and towns throughout the State on behalf of WAVE recruiting, a giant silver 50-foot Navy Recruiting Land Cruiser has set out August 7th for a two weeks tour in Indiana with its crew intent upon proclaiming "Ladies, too, serve in Navy Blue!"

The Cruiser, according to Chief Al Walter, Recruiter in Charge of the Terre Haute Navy Recruiting Station for this area, will arrive in Greencastle Monday August 16, and will "Dock" at the Vancastle Theatre for a full day's stay.

Captained by Lt. (jg) W. V. Timberman, and dispatched by the Indianapolis Navy Recruiting and Induction Station through the efforts of Lt. W. E. Chapman, Jr., Officer in Charge of Navy Recruiting and Induction for Indiana, the Cruiser will appear in several Indiana cities. Greencastle is, indeed, fortunate in being one of these.

The cruiser will offer prospective WAVE applicants, their parents, friends, and others an opportunity to actually sit down with WAVE Recruiting Officers and discuss the tremendous advantages of joining this thrilling and exciting branch of service. It is a wonderful chance for the young women in this area to actually find out what the WAVES have accomplished in their first year of service, as the end of last week commemorated the first anniversary of the Women's Reserve.

Now that a speed-up procedure has been designed to simplify WAVE enlistment applications, and young women between the ages of 20 to 35 inclusive, will need only a birth certificate, if married, a copy of their marriage license, if divorced, a certified copy of court proceedings should accompany the application.

With an ever increasing number of WAVE applications coming into the Indiana WAVE Recruiting headquarters at Indianapolis, Lieutenant Chapman stressed the fact that more young women in this area are taking advantage of the opportunity of enlisted women in the WAVES being able to apply for commissions with the approval of their commanding officers after only six months service.

### GOT FIVE BASS

LITTLE CURRENT, Ontario, Aug. 10.—(UP)—President Roosevelt spent part of his vacation fishing near here and had very good luck—getting five bass in one day—it was revealed today by Donald McKenzie, guide, who was the President's only companion as he fished from a small rowboat.

The town's 1,000 inhabitants carefully kept the secret of the President's presence at a private camp on Birch Island, twelve miles from here, where he arrived on July 31.

### LIVED AT CLOVERDALE

Mrs. Clara Dyer Herold, age 83 years, mother of Don C. Herold, the New York cartoonist, is dead at her home in Bloomfield. She lived at one time in Cloverdale. She had made her home in Bloomfield for the past 25 years.

## SOVIET TROOPS ONLY 14 MILES FROM KHARKOV

GERMAN FORCES HURLED BACK BY STEADY ADVANCE OF RED ARMIES

MOSCOW, Aug. 10 (UP)—German armies reeled back to within 14 miles of Kharkov today under terrific Soviet blows, yielding villages at the rate of four an hour and abandoning enough tanks in 48 hours to make up a panzer division.

While the main Russian forces converged on Kharkov from the east, north and west, armored spearheads reached to within 48 miles of Poltava and 23 miles of Sumy, twin strongholds guarding the approaches to the Dnieper river, west Kharkov.

The immense booty captured by the Russians Saturday and Sunday, including 212 tanks, 139 guns, 96 trench mortars, 618 trucks and 315 railroad cars loaded with supplies and ammunition, indicated the German flight was precipitate with troops fleeing in such haste they had no time to destroy abandoned equipment.

Driving down the railroad from Belgorod, the Russians captured Slatino, only 14 miles north of Kharkov, yesterday, while other forces, opening a frontal attack, seized Rybzhnoy, 25 miles northeast of Kharkov, after breaking across the Donets river.

Flanking columns striking deep behind Kharkov's defenses seized Murafa, 38 miles to the west and only 48 miles from Poltava, itself 57 miles from the Dnieper.

Some 50 miles to the north, another Russian column was pushing on toward Sumy from Krasnopol, 28 miles to the east and some 60 miles west of Belgorod. Sumy also was threatened from the south following the capture of Trostyanets, 30 miles away on the railroad from Kharkov.

At Trostyanets, the Russians freed Soviet citizens held in a concentration camp.

Altogether, the Russians advanced 9 1/2 to 15 1/2 miles and seized 100 towns and villages on the Kharkov front yesterday, the high command said.

### LEGIONNAIRES HEAR ROUND TABLE TALK

In view of the hot weather, the attendance at the American Legion program was good and all listened with interest to the round table discussion in which Professors Hiram Jome, Frederick Ritchie and John Masten engaged. The subject was "Post War Days," and the participants endeavored to picture what our problems will be after the war. Many excellent solutions were suggested.

The Greencastle legion post is planning many interesting programs for the future and the members are asked to watch for the announcement of dates.

### PROMOTED TO CAPTAIN

Word has been received by Mr. and Mrs. Lewis Hubble of this city that their son, Marc A. Hubble, who is stationed at Fort Benning, Ga. has been promoted to the rank of captain.

## Seek Leniency In Peace Terms

LONDON, Aug. 10 (UP)—Italian-German conferences at Verona have ended with Italy giving assurances she will fight on, at least until the Allies offer more lenient peace terms, an Italian frontier dispatch said today.

European advices, meantime, asserted Germany has sent 32 additional divisions—nearly 500,000 men—into Italy and four panzer divisions to Greece in anticipation of Allied invasions when the conquest of Sicily has been completed.

Though reports that Adolf Hitler has been deposed appeared without foundation, the London Daily Telegraph said in a dispatch dated "somewhere in Europe" that all parts of Germany expected a military dictatorship to be established "within one or at least two months."

The latest in a series of unconfirmed rumors to reach Madrid was that Hitler already is being held a virtual prisoner under military escort at Berchtesgaden, his Bavarian mountain-top, but this rumor was suspect, too.

Italian frontier reports said German Foreign Minister Joachim Von Ribbentrop and Marshal Wilhelm Keitel, chief of the German armed forces, wound up their conferences with Italian Foreign Minister Raffaele Guariglia and Gen. Ambrosio, Italian chief of staff, late yesterday.

Guariglia and Ambrosio were reported to have given Premier Marshal Pietro Badoglio's promise that Italy would live up to the tri-partite pact for the present, but added that the talks would not be considered conclusive if new developments more favorable to Italy should arise.

It was understood, a frontier dispatch said, that Badoglio considered himself forced to continue at the side of Germany because acceptance of the Allied demand for unconditional surrender would jeopardize "the honor of both Italy and the House of Savoy."

While Badoglio is anxious to find a way out of the war for Italy, the dispatch said, he will continue fighting "until a more intelligent appreciation of the Italian situation dispels pre-conceived ideas on military and diplomatic development which are inconsistent with the destiny of the Italian people."

### GERMAN COLONEL WAS MAGNANIMOUS

AN EAST COAST PORT, Aug. 10.—(UP)—A German army colonel offered to make a deal with the skipper of the transport that recently brought him to this country to a prison camp.

The colonel, who served with Rommel in Africa, told the ship's skipper that if he and his fellow prisoners were treated well, he personally would see that America's population was well treated after Germany won the war.

### WILL RATION LIQUOR

LANSING, Mich., Aug. 10.—(UP)—Sales of bottled liquor, halted in Michigan by the Liquor Control Commission since July 29, will be resumed under rationing Aug. 19 with each ration card holder limited to one quart a month, it was announced today.

## SERVING COUNTRY

Photo By Sombell

Clyde L. Miller, who is stationed at Camp McCoy, Wis., is the husband of Mrs. Dorothy Miller. His address is Pvt. Clyde L. Miller, 35144422, Hq. & Sv. Btry., 277th Field Artillery Bn., Camp McCoy, Wis.

## GURNEY BABY FOUND; WOMAN UNDER ARREST

KIDNAPED BABY LOCATED WITHIN SIX BLOCKS OF OREGON HOSPITAL

ALBANY, Ore., Aug. 10.—(UP)—Eighty-day old Judith Gurney, who became a kidnap victim only two days after she was born, was home alive and well today and police held a woman who said she "just had to have a baby."

Police, who had conducted a statewide search for the kidnaper, recovered the blonde, blue-eyed baby last night in the possession of Mrs. Caroline E. Wright, 26, New York, who was living only six blocks from the hospital from which the child was taken.

Mrs. Wright, held in lieu of \$5,000 bond, told police she had lost two children in childbirth and felt she "just had to have a baby."

District Attorney Harlow Weinrich said formal child-stealing charges, Oregon's equivalent of kidnapping charges, would be placed against Mrs. Wright today.

Her husband, Sgt. Jesse Wright, 28, was held in technical custody at Camp Adair, where he is stationed as a material witness. Police said Wright had seen his wife infrequently in recent weeks and apparently knew nothing of the kidnapping. Wright said his wife told him she gave birth to the child last week. Mrs. Wright came here from New York four months ago to be near her husband, police said.

The child's parents, Mr. and Mrs. W. G. Gurney, were overjoyed at the baby's recovery. When told of her safe return Mrs. Gurney, 29, burst into tears and cried "Thank God, they've found my baby."

The young mother's body is partially paralyzed and doctors said her condition has been weakened seriously through anxiety.

Police suspicion was directed to Mrs. Wright yesterday when a neighbor reported seeing baby clothing and a blue blanket, similar to one stolen from the hospital with the child, hanging on a clothes line behind the Wright home.

Officers drove to the home to question Mrs. Wright but received no response to their knocking. They withdrew to watch the house and saw the Wrights come out with the baby and drive away in their car. After driving a block, Wright stopped the car and Mrs. Wright returned to the house, leaving the baby with her husband.

Police watched the car an hour and then went back to the house. They were admitted by another soldier and wife who lived with the Wrights. As they entered the house Mrs. Wright ran out the back door carrying a suitcase.

Officers gave chase and captured the woman in the back seat of the automobile. Her husband, seeing the approaching police, had refused to start the car.

The baby was taken to the hospital where George Knaz, director of the state Bureau of Identification, found the child's fingerprints matched perfectly with those taken at the birth of the Gurney baby.

### PUTNAM COURT NOTES

Audrey Maxine Goss vs. Leffie Raymond Goss, divorce. F. S. Hamilton is attorney for the plaintiff.

## COOPERATION WITH RUSSIA IS IMPORTANT

ALLIES CAN TAKE FULL ADVANTAGE OF OPPORTUNITY AS RESULT

LONDON, Aug. 10 (UP)—The United States and Great Britain were understood today to have embarked on an important effort to achieve closer cooperation with Russia with a view of taking full advantage of an opportunity to bring the war to an end much sooner than was regarded possible even a month ago.

The medium has not been revealed but there is a tendency in London to discount recent suggestions that a conference among President Roosevelt, Prime Minister Churchill and Premier Stalin is to be expected in the near future. But, it is thought possible that leaders might engage in parallel discussions.

It has been suggested that some leaders such as British Foreign Secretary Anthony Eden might confer with Foreign Commissar V. M. Molotov simultaneously with discussions which Axis and neutral sources have suggested may be held between Mr. Roosevelt and Churchill.

The pressing necessity for full understanding among the Allies has been emphasized by the rapid developments of the past two weeks. It also has been made clear by numerous statements in the Soviet press that the Russians are not entirely pleased by the fact that the United States and Britain engage in frequent consultations of which the Soviet Union merely is "kept informed." A parallel discussion technique would be particularly valuable in the event of the necessity for a quick decision on some specific matter such as a new peace proposal from Italy. It also would prove helpful in clarifying the present German situation which now is clouded by a welter of rumors, part of which emanate from the Goebbels propaganda machine and part the natural result of current events.

The best informed sources in London are skeptical of the whole series of reports regarding purported developments following a meeting of Hitler, Goering and Nazi military chiefs.

These appear to be the only known facts: Germany's military position is deteriorating progressively; there is an obviously widening gap between (Continued on Page Three)

## Blood Donors Are Needed In October

The Red Cross mobile blood bank unit will visit Greencastle again Wednesday when the cadets of the V-5 pre-flight preparatory school will be the donors. One hundred and ninety-nine are registered. It will be at the Elks home and the Associate chapter of Tri Kappa will again be in charge.

Aviation cadet Patrick Griffin, bsn. 6, platoon 1, of Chicago will be an eighth time donor. The first seven donations of one pint each time were given at the Chicago blood bank center. This makes Cadet Griffin a member of the gallant club of blood donors.

Special recognition for this eighth time donation will be sent Cadet Griffin by the American Red Cross.

This makes the second time the unit has been here for the navy and the fifth time the Associate chapter of Tri Kappa has had charge of it.

The unit will return to Greencastle October 11th and 12th. On the eleventh the cadets will again be the donors and on the twelfth the citizens of Greencastle and Putnam county. One hundred and fifty donors will be needed for each time. Citizens may register any time in person, by mail, or telephone by contacting Mrs. Thad Jones at the Greencastle Auto License branch, telephone 418. The Associate chapter will be in charge of both days.

## Today's Weather and Local Temperature

Not much change in temperature today; slightly cooler tonight.

## MANY CHILDREN

PORTLAND, Ind., Aug. 10.—(U.P.)—Six mothers, all war workers in the Jay Garment company plant here, have a total of 18 children in the armed forces—17 sons and a daughter.

The women, each of whom have three children in the services, were Mrs. Thelma Flauding, Mrs. Vesley E. Smith, Mrs. Gertrude Spitzer and Mrs. Ella Stewart, all of Portland, and Mrs. Jesse Lybarger of Geneva and Mrs. Violet Arnold of Fort Recovery, O.

## CURFEW AT GARY

GARY, Ind., Aug. 10.—(U.P.)—Gary instituted a 10 p. m. curfew this week to children under 15 years of age to make them stay off the streets unless they are escorted by adults, and the step was approved by children affected by the law.

The curfew ordinance was adopted at the request of the Mayor Joseph B. Finerty's committee on juvenile delinquency, the city youth service board, the Officer of Civilian Defense and the Association for the Advancement of Colored People.

The "All-Out Americans", a junior OGD unit representing 15,000 Gary school children, demanded the curfew. Its spokesman was Johnny Schneck of Wirt school.

"We believe the ordinance will reduce juvenile delinquency 50 per cent by stopping the kids from hanging around pool halls, ice cream parlors and nonsense like that," Johnny told councilmen.

The only exception to the curfew applied to children going to or from work.

## LOST HIS HUMOR

SOMEWHERE IN THE SOUTH PACIFIC, Aug. 10.—(DELAVER)—(U.P.)—Pvt. John C. Albright, 19, Knightsville, Ind., lost his sense of humor.

A marine corps volunteer for some months, Albright has just received his 1-A classification for the army.

His occupational questionnaire, received after he became a marine, was laughed off wholeheartedly.

But when his draft card arrived—and addressed to him in care of the marine base at San Diego, Calif., it was too much for his good nature.

"Mail from home is a wonderful thing down here," he said, "but I sure didn't expect anything like this!"

## MIDGET AMBULANCES

EVANSVILLE, Ind., Aug. 10.—(U.P.)—Midget ambulances—which can go where regulation-sized ambulances would not dare to try—have been placed into service at the Chrysler Ordnance plant here.

The little ambulances, which can scoot right up a factory aisle to pick up an injured worker, are motor scooters with sidecars, 64 inches long and 55 inches wide.

Dr. Thomas Reitz, director of the plant's medical center, said he learned about the little vehicles while thumbing through a catalogue recently, and he ordered two of them for the factory.

Although they are used extensively in the East, Reitz said, the scooter-ambulances are new to this part of the country. They do a very satisfactory job, too, he said.

## SEEKS \$50,000 JUDGMENT

TERRE HAUTE, Aug. 10.—In a suit charging breach of contract filed in the U. S. District Court here, James W. Morlan of Brazil, Ind., seeks judgment in the sum of \$50,000 from the Schuyler Coal Corporation of Springfield, Ill.

The amount sought represents a fee or commission of one-cent per ton on five million tons of unmined coal in Schuyler county, Ill., according to the complaint. The suit is filed in Federal Court on grounds of diversity of citizenship and because the amount in controversy exceeds \$3,000.

Morlan alleges he entered into a contract with William H. Moseley, also of Clay county, Ind., relative to the development of strip mining properties in Schuyler county, Ill. According to the agreement, he claims, he was to receive one cent per ton on coal mined and marketed, in return for his services in procuring options on the coal lands and assigning them to "a company."

## RECITAL WEDNESDAY

There will be a recital Wednesday evening, Aug. 11th at Gobin Memorial church at 7:30, given by pupils of Mrs. Elmer R. Seller.

Those taking part are Mary Ann Cash, Dick and Jack Glover, Paul Stewart, John Thomas, Patty and Barbara Goodman, Anna Mae Carmichael, Shirley Ann Byers, Judy Blue, Danny and Peggy Arnold, Winifred Feld, Jane Martin, Nancy Torr, Betty Campbell, Doris Elmore, Mary June Browning and Mary Frances Torr.

The public is invited to attend.

## A Little of...

## This and That

(By Jim Zeis)

Any squirrels, today?

A friend of ours contributed the following item:

A certain woman, who has been married nine times, says that nine time out of ten marriages is a failure.

According to a recent German news broadcast, dentists in Germany have been instructed that dentures can only be made if a certain number of a patient's teeth are missing and if chewing is considered impeded, in other words, false teeth are on the Nazi ration list.

Supposing it is true that Hitler is on his way out, Germany is still in a bad way as far as a leader is concerned. Rumors are that Herman Goering will be the No. 1 big shot. This Nazi rat is a former inmate of an insane asylum.

A reader of The Banner reports that while awake at dawn, with the doors wide open to admit the morning air, "Bob White" came like a soft echo from a neighboring field. This was repeated not once but many times, and he believes it was a bevy of baby quail learning to talk.

We firmly believe that Gen. Douglas MacArthur knows what he is talking about when he states "that Japan has failed in the Pacific." And he will go back to Bataan and Corregidor, as he promised.

Midwest producers declare the New Deal has "botched" the oil set-up. Bungling by official theorists in Washington has a lot of people tearing their hair.

Mrs. Helen Eiteljorge has received a copy of "The Stars and Stripes," U. S. Army newspaper published in North Africa where her son Wayne is stationed. Her copy was dated July 3rd, and is an eight page edition, selling for two francs. It is replete with interesting items from all parts of the world. A notice on the front page stated that the editorial and circulation departments of the paper have moved from 10 Boulevard Baudin in the American Red Cross Club, Algiers, across the street to 12 Boulevard Baudin but that the telephone numbers remained the same. From the appearance, Mrs. Eiteljorge's copy had sustained a wetting somewhere en route to Greencastle from Africa.

"There is a type of 'Yes' man who is all too scarce... men who will say, 'Yes, it can be done,' to difficulties and daring new business ventures."

Lucius Musgrave, 113 Elizabeth street, found an unusual owl the other day. It is quite large and light brown in color with a face the size of a teacup. It had an injured wing and he believes the wind storm a few days ago might have blown the owl into this locality.

A well known Greencastle bank cashier went squirrel hunting. He got one and had visions of a fine dinner, after walking for miles to get the squirrel and spending some time cleaning it to his liking. His wife, using an electric stove, cooked the squirrel just right and then turned the stove off, presumably, and came after her husband. He was late and when they got home to the squirrel, the electric stove was going full blast and the squirrel went up in smoke. We don't have a recording of the rest of the story.

## MUST HAVE PROOF

INDIANAPOLIS, Aug. 10 (UP)—Will H. Smith, Indiana collector of internal revenue, warned today that motorists who purchase the newly issued \$4.59 federal auto use tax stamp must provide proof that their cars were not on the road before Aug. 1.

The \$5 stamp has been withdrawn from post office windows and is available only at internal revenue offices at Gary, South Bend, Terre Haute, Evansville, Fort Wayne, Lawrenceburg and Indianapolis.

Motorists unable to provide proof that their car was not on the road before Aug. 1 must purchase the \$5 stamp at those sites.

You can get spenda results from Banner Classified Ads.

## THE DAILY BANNER

Herald Consolidated  
"It Waves For All"

S. R. Rariden, Publisher

Entered in the postoffice at Greencastle, Indiana as second class mail matter under Act of March 3, 1879. Subscription price, 12 cents per week; \$3.00 per year by mail in Putnam County; \$3.50 to \$5.00 per year by mail outside Putnam County. 17-19 South Jackson Street.

## A BIBLE THOUGHT FOR TODAY

If you want to be greatly honored in old age, live honorably right now. The hoary head is a crown of glory. —Prov. 16:31.

Personal  
And LOCAL NEWS  
BRIEFS

Mrs. Donald Dickey, 312 north Madison street, is ill with malaria fever.

Mrs. Herbert Aubrey and baby of Greencastle were released from the county hospital Tuesday.

Mrs. Beulah Frazier of Roanoke returned to her home Tuesday from the Putnam county hospital.

Mrs. Glenn Kendall of New Maysville was admitted to the Putnam county hospital Monday for medical treatment.

Woman's Relief Corps will meet Wednesday afternoon at 2:30 o'clock. There will be initiation. All officers are urged to be present.

Jimmy Stone of Montezuma is visiting this week with his sister, Mrs. Mary Grubb, south of town, and with his brothers, Alfred and Eddie Stone of Greencastle.

Lt. Paul L. Patterson returned to Jefferson Barracks at St. Louis today after spending a ten day leave at home with his parents, Mr. and Mrs. W. A. Patterson.

Mayor Wilbur S. Donner who is stationed at San Antonio, Texas, has joined Mrs. Donner and son Frank here for a visit with his parents, Mr. and Mrs. Frank Donner.

In the list of state chairmen recently appointed by Mrs. Oscar Algren, state president of the Federation of Clubs, appeared the name of Mrs. Ferd Lucas, film chairman. Mrs. Lucas is serving her third year as state film chairman of the Federation.

Miss Maude Woodard, superintendent of the Putnam county hospital, recently received a letter from Lieutenant Virginia Porter former nurse at the Putnam county hospital, who is in Australia with the Army Nursing Corps. Lt. Porter says she is enjoying her new work on a hospital train. She says that an article and pictures of this new work on hospital trains will soon be featured in Life magazine.

Louis Aldendorf, aged 64 years, a well known Harrison township farmer living alone on his farm in the Ellettsville bottoms south of Clay City, lay in his barn for 36 hours with a broken left leg without food or drink until his plight was discovered this morning. In spite of his enforced fast, Mr. Aldendorf was reported in good spirits this morning and felt better after he had had something to eat and drink. He was brought to the Clay County Hospital this morning in a Schoppenhorst ambulance from Clay City.—Brazil Times.

OUR BOYS  
WITH THE COLORS

The new address of Pfc. Walter E. Bee is School Detachment (Clerical) Hdq. Btry, 121st C. A. Bn. (A.A.), Burbank, Calif. U. S. Army.

The new address of A/C Charles Conklin Jr. (15108789) is Aviation Cadet Detachment, Class 43-15, Flight A, AAFBS Big Spring, Texas.

Aviation student Don C. Meek has been promoted to Group commander, third in command of his entire detachment at Texas A & M College. This entitles him to wear five stripes on his sleeve. He will continue his studies prior to his appointment as an aviation cadet. Don is the son of Mr. and Mrs. Otha Meek of Mt. Meridian.

The address of Cpl. John F. Grimes 35039382 is Hdq. Btry, 898 Field Artillery Bn., Ft. Leonard Wood, Mo.

Charles Eugene Keller has been promoted from private first class to Corporal. His address is Cpl. Charles Eugene Keller, Btry. D, 604th C. A., Bergen Point Station, Bayonne, N. J. Cpl. Keller is the son of Mrs. Russell Leslie.

Weddings

Corporal and Mrs. Harold Gettgey, one year today, Aug. 10.

SPAIN IS DETERMINED TO REMAIN NEUTRAL

ALGIERS, Aug. 10.—(UP)—Spain

now more than ever is neutral and desires above all to avoid war, Jose Antonio de Sangroniz, new Spanish minister to Algeria and Morocco, said today in an interview.

He asserted that Spain's chances of maintaining her neutrality improved as the allies' preoccupation with the war on its present basis increased. He pointed out that President Roosevelt and Prime Minister Winston Churchill had guaranteed Spain's neutrality when French North Africa was occupied.

He denied that he was here for consultations with allied leaders regarding peace plans.

Sangroniz said that his government was unable to give formal recognition to the new French Committee for National Liberation but he said that the mere fact that he was here was evidence that Spain recognized the allied regime.

Commenting on Spanish civil war refugees, who are included in the 350,000 Spaniards in North Africa, he said they are "perfectly free to return to their native land, for the Spanish government regards the civil war as a thing of the past."

Mob Threatened  
At Martinsville

The Martinsville Reporter Monday said:

"Martinsville had the unhappy and humiliating experience Saturday night of a display of mob spirit by a group of trouble makers and agitators that might have led to serious results. It was directed against the twenty or more Jamaican workers that had been sent into the county to relieve the current labor shortage the need for apple pickers to harvest and save thousands of bushels of fruit in large orchards, and probably later to pick tomatoes.

"The group of agitators furnished enough loud talk, however, that a spark at the right time might have caused grave trouble. This being evident, the officers had the whistle blown for the mobilization of Company B which began soon at the armory. A message was also sent to the state police and from 25 to 40 of that organization started at once for Martinsville, fully prepared for the emergency.

"The state guard, standing by at the armory, received tear gas equipment brought here by the adjutant general.

"The state police were held in readiness at the jail but it was found by this time that they would probably not be needed.

"The sounding of the guard call had a wholesome effect as it was noticed that with the blowing of the whistle some of the loud mouthed leaders of the agitators began to have business elsewhere and to disperse. By the time the state police arrived it was found that a general good humor was the prevailing feeling."

of Mrs. Homer Leucus, 607 east Seminary street with Mrs. William Floyd and Mrs. Jane Bryant assist and hostesses. The program will be in charge of Mrs. Charles Boatright and Mrs. Fred Ratcliff.

## PLANS MADE TO RE-OPEN U. P. OFFICES IN ROMANIA

ALLIED HEADQUARTERS, North Africa, Aug. 10.—(UP)—Appointment of Reynolds Packard as United Press manager for North Africa, with instructions to reopen the Rome bureau as soon as possible was announced today by Virgil Pinkley, United Press European manager.

Packard, former manager of the Rome bureau, has been here in North Africa helping direct the United Press' coverage of the Sicilian invasion. He has just concluded a series of conferences with Hugh Baile, president of the United Press, and with Pinkley on plans for reorganizing the coverage of Italy when that nation is knocked out of the war.

Packard joined the United Press 17 years ago. He was Rome manager when Italy declared war on the

United States and, along with other American correspondents, was interned. Subsequently he reached the United States in the exchange of diplomats and newspapermen. His wife, Eleanor Packard, who has covered many important stories with him, now is manager of the United Press office in Turkey, dividing her time between Ankara and Istanbul.

## PAY OVER-CHARGES

CHICAGO, Aug. 10 (UP)—The office of Price Administration forced western business men to pay \$1,61,807 for over-charging customers a violation of price regulations during the first six months of the year, regional OPA administrator Raymond J. McKeough said today.

McKeough said refunds to consumers totaled \$553,000, to tenants \$438, 13 voluntary payments to the federal treasury, \$44,459, and triple damages to the federal government, \$305,840.

## BOBBY PIN SMUGGLER

EI PASO, Tex., Aug. 10 (UP)—Francisco Vega, of Juarez, Mexico, faced a 60-day jail sentence today for smuggling bobby pins into the United States.

AIRMAN RESCUED—High-speed rescue launch answers call of Spitfire plane and picks up stranded airman from ocean. One famous Spitfire squadron has taken 177 pilots from the sea, rescuing 34 men in 24 hours, following St. Nazaire raid.

BIG SPLASH—Taking sideways to water is U. S. Navy frigate Sheboygan, second of eight such warships being built at Globe shipyards, Sheboygan, Wis. Speed-up work will put the craft into action soon. Mrs. Doris Z. Sonnenburg, wife of Sheboygan's mayor, sponsored the craft.

## Notice!

Our plant will be closed  
for repairs during week  
of August 16th.

Our shop will remain  
open.

Ideal  
Cleaners

**If you need to BUILD UP RED BLOOD!**

Try this great blood-iron tonic—**Dr. E. Pinkham's Compound Tablets** (with added iron)—one of the very best ways to get iron into the blood. Pinkham's Tablets are also famous to relieve symptoms of functional monthly disturbances because of their soothing effect on one of woman's most important organs. Follow label directions.

LOST — Man's wrist watch, left in men's restroom at court house Sunday night. Yellow gold, black ward. Charles Walters, Stilesville. 10-3p.

**COOPERATION IMPORTANT**

(Continued from Page One)  
the Nazis and the old-time army chieftains; there is friction within the Nazi organization due to efforts to shift and escape responsibility for the decline of Germany's fortunes.

What the United States, Great Britain and Russia must decide is how far these internal clashes have gone and how long it will be before the final crack-up comes.

Militarily it appears possible that the Germans might withdraw sufficiently from the east to establish a Polish-Carpathian line which could be defended with half the present force. This would release strong forces to meet the Allied thrust from the west. But it is questionable whether German morale could stand up to such a move and it would expose Eastern Germany to air attack.

One other possibility remains open to Germany. She might be able to persuade Japan to attack Siberia, thereby forcing the Russians to interrupt their present offensive. There is no doubt in London that Germany has again been so urging the Japanese, but there is doubt that the Japanese would do so unless persuaded that otherwise Germany is quickly going under and Japan would go with her.

It is the conservative opinion here that a number of the old-line German militarists now realize Germany is going to lose the war. But it is doubted that they have yet challenged Nazi control. The feeling prevails, however, that after Italy is definitely out of the war, after a couple more German cities have received Hamburg's fate and the Russian advance continues, Germany's downfall may follow rapidly.

\*\*\*\*\*

The hog market quieted down Tuesday, with trading putting prices on a 7,000 run at steady levels with the average costs for Monday's session. This put the top at \$14.75 slightly lower than Monday's high of \$14.90, the best price paid since April 26. Cattle receipts moved up to 2,000 and the early trading was fairly active, with the steer trend strong to higher and others steady. There were some Angus steers that sold up to \$16 and several loads sold to arrive that brought from \$15.40 to \$15.75. Calf prices, with 600 in, held steady at \$16.50 down. Trading on 1,500 lambs was not established early but first bids were mostly lower.

The hog market quieted down Tuesday, with trading putting prices on a 7,000 run at steady levels with the average costs for Monday's session. This put the top at \$14.75 slightly lower than Monday's high of \$14.90, the best price paid since April 26. Cattle receipts moved up to 2,000 and the early trading was fairly active, with the steer trend strong to higher and others steady. There were some Angus steers that sold up to \$16 and several loads sold to arrive that brought

## ARMIES UNITED

(Continued from Page One)

On the north coast the left wing of Lieut. Gen. George S. Patton's Seventh Army forged ahead and was estimated to have reached a point less than five miles west of Capo D'Orlando.

It was west of the cape that the Seventh Army with U. S. navy assistance turned the German flank Sunday morning in a landing now revealed to have been on a much larger scale than first indicated.

The original number of 300 prison-

ers captured by the Americans in the amphibious foray was boosted to 1,500, most of whom were described as Italians.

The Seventh Army was estimated to have advanced more than 120 miles and the Eighth Army more than 80 since they stormed the Sicilian beaches a month ago.

## TOUR PLANNED

GREENWICH, Conn., Aug. 10 (UP)—Rep. Clare Booth Luce today made preparations for a speaking tour of the mid-west, Pacific coast and south late next month.

An announcement by her office said the tour, scheduled to start in Detroit and end in Parkersburg, W. Va., was deemed by the Republican national committee to be helpful in arousing interest in politics during a non-election year.

The tour, in addition to Detroit and Parkersburg, will include Indianapolis, and Louisville.

## MAY USE TOKENS

CHICAGO, Aug. 10.—(UP)—An official of the Office of Price Administration has revealed that the government may substitute tokens for small-denomination ration stamps.

Walter H. Balsom, head of the OPA's trade section, meat rationing division, told the National Association of Retail Meat Dealers yesterday that the present system of ration stamps imposes too much clerical work upon retailers, and requires too much printing.

"Tokens will maximize use of war ration books," he said, "because we won't have to print books as often as now, since they will contain only stamps of larger denominations."

What You Buy With  
WAR BONDS

Pictures of Ruin

War pictures taken by the Army and the Navy after every important action are a matter of education for our fighters and form the basis to plan further attacks.

We want our aerial photographers to take action pictures over every acre of Germany and Japan. Our part is to buy War Bonds.

Ready to go to work, an aerial camera costs our Government in the neighborhood of \$8,000, and we are using them by the hundreds on all fronts. Figure it out yourself and increase your Payroll Savings deductions. U. S. Treasury Department

Nation Requires  
More Farm Help

WASHINGTON, Aug. 10.—(UP)—War Food Administration officials said today that millions of dollars worth of food and feed crops may not be harvested this year unless the farm labor program is speeded up.

The labor supply now in sight is inadequate and farmers, who are growing another record breaking crop, face increasingly serious labor shortages.

Officials said the importation of foreign workers from Jamaica, the Bahamas and Mexico is "on schedule" and that the response by school children and townspeople in helping local farmers generally has been satisfactory.

Since April 1 the WFA and the extension service of the Agriculture Department have placed workers in 489,066 jobs. During the next three months, 3,000,000 seasonal harvest workers will be needed.

One of the principal sources for additional farm labor—migratory American farm hands—has collapsed because of a provision in a congressional act authorizing expenditure of \$26,100 in recruiting and transporting farm workers. The act—Public Law 45—requires the written permission of the county agent before a worker can be transported elsewhere by the federal government from farm work. The county agents have been slow in granting that permission.

To August 1, the WFA had obtained only 1,642 seasonal workers for transportation to areas of critical need in other states. The normal movement of seasonal, migratory workers is around 100,000 to 150,000, officials said.

The principal difficulty, WFA officials said, has been in obtaining permissions to recruit workers in southern states where there normally is a surplus. Many county agents were said to be holding the workers for the cotton picking season opening early next month.

Up to August 1, the WFA had brought in 47,408 foreign workers, including 33,954 Mexicans, 8,804 Jamaicans and 4,650 Bahamians. The total is expected to reach 75,000 by late fall.

The extension service made 399,925 intrastate placements up to July 1.

Figures for July are not yet available. Those included 60,636 women and 138,429 school children. When schools reopen a larger number of older townspeople must be recruited for harvest work.

## NEW SYSTEM

INDIANAPOLIS, Aug. 10 (UP)—L. Marshall Vogler, USDA war board chairman, said today that the war food Administration had authorized the launching Aug. 15 of a slaughter licensing system to replace the permit system.

The change will provide a more even flow of meat for military and civilian use, Vogler said.

Resident farmers killing less than 10,000 pounds of live weight animals yearly are exempted from the change and will continue under the permit system, he added.

## STRIKE CALLED OFF

INDIANAPOLIS, Aug. 10.—(UP)—Frank Montrose, vice-president of the Indiana Bell Telephone Co., said today that a scheduled strike of 1,000 employees of the company had been called off pending completion of a hearing before a War Labor Board panel here.

Montrose said the company and

NEIGHBOR—Mrs. Maria Panha Kiehl, chief of the technical division of social work in Brazil, as she arrived in Miami, Fla., by Pan American clipper. She planned a three-months tour of industrial areas as guest of U. S. State Department.

NAVY AIRMAN—Rear Admiral John S. McCain, chief of Bureau of Aeronautics, recently made head of new office of deputy chief of Naval Operations for Air, with rank of vice admiral. His job is to co-ordinate all military aspects of naval aviation, including movement of supplies and personnel.

ELEVEN HONORS—First Lieut. William Crawford, 27, of Niles, Ohio, shown as he was interviewed by newsmen at Waldorf-Astoria, New York. He is hero of Bismarck Sea battle, credited with sinking three Jap warships and a transport. He has been given 11 decorations for bravery in action.

## BANNER ADVERTISING GETS RESULTS

CHAMPION COBBLER—Leon Drzewiecki, Polish-born shoe repair man of Chicago, shows cup he won by repairing three pairs of shoes better than 600 other contestants, at National Shoe Finders convention. Six shoes looked like new ones.

CAN TAKE IT—This sturdy little pup, Marine Corps mascot, proves he is as tough as his human pals, by hiking 90 miles in six days, during recent maneuvers in Puerto Rico. He's still hard at it, in picture, beside Pfc. Harold E. Boyer of Urbana, Ohio.
